CLEANING MACHINES
Hippo

Sweeper S1350P

DESCRIPTION

Reliable, solid and simple, all at an excellent price-performance ratio. These 3 keywords make it clear what you can and should expect from Hippo machines.

The Hippo S1350 is a powerful sweeper with a sweeping width of 135 cm. The machine is equipped as standard with two brushes, a water spray system to prevent dust swirling, maintenance-free gel batteries and a collection hopper with a high-lift system.
